Catrin joined chambers in October 2022 following completion of her pupillage. Prior to pupillage, Catrin worked as a paralegal at two leading law firms, working in teams specialising in financial remedy, private children and international family law. Catrin read Law at the University of Oxford, and subsequently completed her BPTC LLM at the University of Law. During her legal studies, she volunteered at the University of Law Legal Advice Centre where she advised and represented clients in private children proceedings.

Property & Housing Law

Catrin accepts instructions on behalf of both landlords (private and social) and tenants in a broad range of landlord and tenant cases. She also accepts instructions in TOLATA cases which allows her to link together her experience in family law with her property experience.
