Catrin joined chambers in October 2022 following completion of her pupillage. She has a busy practice spanning private family law, employment and housing. Prior to pupillage, Catrin worked as a paralegal at two leading law firms, working in teams specialising in financial remedy, private children and international family law. Catrin read Law at the University of Oxford, and subsequently completed her BPTC LLM at the University of Law.

## Housing Law

Catrin accepts instructions on behalf of both landlords (private and social) and tenants in a broad range of landlord and tenant cases. Her experience includes possession proceedings, anti-social behaviour, Equality Act challenges and disrepair. She also accepts instructions in TOLATA cases which allows her to link together her experience in family law with her property experience.
